LOCATION:

Cowtown Livestock, 1.6 km East of Maple Creek, SK
Online Viewing and Bidding at DLMS.ca

TERMS:

Please register for a buyer number at the office prior to purchasing. All bulls sell under the Terms & Conditions of Cowtown Livestock Exchange. Terms of sale are cash or cheque payable to Cowtown Livestock. No bulls will be released without satisfactory settlement. When making settlement for your purchases, please leave specific instructions for transferring of registration certificates. Any errors discovered in this catalog will be corrected from the auction stand and will take precedence over printed material contained in this catalogue. Each animal becomes the responsibility of the purchaser as soon as sold.

BULL EVALUATION / HEALTH:

All bulls will have a complete satisfactory fertility exam and semen test done by the Maple Creek Vet Clinic prior to sale. Bulls will not be sold on a 'deferred' result. For prevention of footrot, the bulls have received their first vaccination and will require a booster. Bulls have been vaccinated: Fermicon 7/ Somnugen, Inforce 3 and One Shot and boosted Fermicon 7/Somnugen, Pyramid FP 5/Presponse and pesticide poured.

In the event that your bull is a non-satisfactory breeder please notify us immediately. He will be replaced with a bull of equal value or a credit will be given towards the purchase of another Delorme bull. We will not provide replacement or credit for physical injury or mismanagement.

ON OFFER:

50 Registered Black Angus Bulls

Current weights and scrotal measurements will be available prior to sale.

VIEWING THE BULLS:

The bulls are available for your appraisal at the ranch until Friday, March 29th. We welcome your visit! They will be moved to the Cowtown yards where they can be seen from Saturday March 30th until sale time.

INSURANCE:

Insurance will be available sale day, on location from a Blythman Agency's representative. (306) 662-2604

\$100 OFF YOUR PURCHASE:

If you take your bull home the day of the sale upon satisfactory settlement of payment. If you are not ready for them we will gladly take your bull(s) back to our ranch for you but they have to be insured. After May 1st we will charge \$3.00/day. We will be in touch to arrange pickup or delivery arrangements prior to May 31st.

ONLINE BIDDING AND VIEWING:

DLMS Online Bidders:
Please sign up and confirm bidder approval prior to the sale.

Internet Bidding Available

DLMS
www.dlms.ca

For more information Call DLMS Reps:
Mark Shologan 780.699.5082

PHONE BIDS & SIGHT UNSEEN PROGRAM:

If you are unable to attend the sale but are interested in bulls, give us a call and we will go over the bulls and your program and recommend bulls that would meet your needs and refer you to one of the sale staff who will represent your needs in a professional and confidential manner.

SEMEN COLLECTION:

We reserve the right to collect semen on any bull in the sale for in-herd use only. Any questions please contact Don or Darby.

SALE ACCOMODATIONS:

On behalf of the Delorme family, welcome to the Annual Production Sale!

It's been twenty years since our first sale here at Cowtown. Paving the way to the sale this year, was forty plus years of private treaty sales and group consignor sales beginning in 1963 when Don's parents, Johnny and Florence Delorme, established their Jay En Dee Angus herd. Thanks to the bidders and buyers, friends and family, who have supported our program over the past six decades. We are here today because of all of you.

The 2024 line up is once again offering the types of Angus bull that will get the job done in whatever field they are set loose in - whether they are for your first calf heifers or for the cow herd you've dedicated much to. The bottom line for us all - as producers of beef - is productivity and profitability, which we certainly take all of that into consideration with our sire selection and when picking from our pen of replacement heifers. Our choice of sires is geared to maximize performance while still having practicality in mind for the cow long term: fleshing ability, fertility, docility and longevity. We have managed to keep many of our females in production for over a decade. Cattle that perform and withstand the test of time - stacked with generations of proven genetics from our family's home in southwest Saskatchewan.

- Page 36 is a tag # index (heifer bulls highlighted).
- The Sale Order, Weights and SC will be available shortly before sale time on our web site
- Bulls sell 'live in the ring'
- DLMS will provide online viewing and bidding
- Bulls will be semen-tested/scrotal measured and ready for your immediate use

Thank You ~ Mark Forsyth, Ty Schwann, Shayla Duncan and Shyanne Reynolds, for helping our family get the bulls ready to be catalogued. We also appreciate and thank Tiffany of 14 West Creations for her help in making sure our catalogue is properly prepared for printing.

Feel free to come prior to the sale and tour the bulls. We understand that getting away is not always easy or even possible sometimes. For your convenience, our websites of www.DelormeRanch.ca and www.BoundaryRanch.ca will showcase the cattle. While we hope our pictures, videos and footnotes give an extra 'in person' feel, we do look forward to hearing from you or scheduling a visit to see the cattle 'in the flesh'. Inquiries and visitors are always welcome!

We look forward to seeing you on April 1st. Thank you in advance for your consideration of our sale offering. We wish you the best of luck in securing your selection on sale day. Please join us for a pre-sale lunch and post sale hospitality where you can mingle with like minded producers.

Sincerely the Delorme Family

In loving memory of Florence Delorme

Florence Jeanne (Cote) Delorme

The Performance Information

As a further means to improve our herd we have submitted animal data to the Canadian Angus Performance, CAP program since it's initiation in the 70's.

• The test weights are for performance comparison WITHIN OUR HERD only. Consider and keep in mind that feed management differs with each breeder.

The Sire of Dam Tour

Along with daughters sired by Resource 122H, Shooter 31H, Wiwa 619'16, EXT 4137, Know How, Torque, Upward, Reign, and Innovation, all found in our reference sire section at the front of catalogue.

How To Read EPDs and Performance Data

EPD's are a measure of the expected differences in performance of a sire's/dam's progeny when compared to the average progeny of all sires/dams evaluated within the same breed. This prediction is based on actual performance, progeny performance and relatives' performance.

- EPDs can be used to compare bulls/cows from different herds.
- EPDs cannot be used to compare bulls/cows of different breeds.
- EPDs allow breeders to estimate a young animal's breeding value and that animal's value as a parent
- EPDs allow a fair comparison of breeding value by removing environmental bias such as climate, feed and special management
- EPDs are the best tool available to compare animals between herds, countries and year of birth
- EPDs help breeders make informed decisions regarding breeding stock selection by evaluating numerous traits, such as growth related traits (BW, WW, YW, Milk)

- **CALVING EASE DIRECT (CE) EPD:** The average difference in ease with which a sire's calves will be born when he is bred to first calf heifers.
- **BIRTH WEIGHT (BW):** The birth weights of a bull's/cow's progeny when compared to the breed average, in pounds. Negative values indicate lighter BW while positive numbers indicate heavier.
- **WEANING WEIGHT (WW):** The adjusted weaning weights of a bull's/cow's progeny when compared to the breed average, in pounds.
- **YEARLING WEIGHT (YW):** The adjusted yearling weights of a bull's/cow's progeny when compared to the breed average, in pounds.
- **MATERNAL CALVING EASE (MCE):** Is expressed as a difference in percentage of unassisted births with a higher value indicating greater calving ease in first-calf daughters. It predicts the average ease with which a sire's daughters will calve as first-calf heifers when compared to daughters of other sires.
- **MILK:** A measure of the amount of pre-weaning performance gained by calves which can be attributed to the milking ability of a bull's/cow's daughters. The EPD is expressed in pounds of calf.

The Elite/Premier Program

Canadian Angus Elite Cow: has a minimum of five calves, four of which must be registered, to determine her regularity of calving and ability to consistently produce calves with a superior weaning weight year after year, display early puberty, breeding and early calving, followed by regularity of calving and high performance offspring.

Canadian Elite Cow Criteria

1. The cow must be enrolled in the Canadian Angus Performance Program.
2. The cow must have a calf with a 205-day weight recorded within the past 18 months.
3. The cow must have her first calf within 1000 days of her date of birth
4. The cow must maintain a regular calving interval, calving within 395 days consecutively
5. The cow must have four consecutive natural born calves that are registered and have a weaning weight ratio that averages over 105
6. The cow's calf must be in a contemporary group with no less than 10 herd mates to determine the weaning weight ratio
7. Once a cow is designated an Elite Cow, she is always an Elite Cow, however she will not be published in a year where she does not meet the above criteria

Premier Dam Criteria

As in 1 to 4 above

5. The cow must have four consecutive natural born calves that are registered
6. The cow's four calves must have Weaning Weight EPDs that are above breed average and have an accuracy of over 25%
7. The cow must have at least two registered grand calves
8. Once a cow is designated a Premier Cow, she is always an Premier Cow, however she will not be published in a year where she does not meet the above criteria.

Commercial Open Replacement Heifers By Private Treaty At The Ranch

COMMERCIAL OPEN REPLACEMENT HEIFERS Spring Offering of 40 Heifers ~ by Private Treaty

From the Delorme and Wardberg commercial herds is the 38th Annual offering of Black yearling heifers.

Straight Black Angus & Black Simmental/Angus

Pictures / videos on
our web site at
www.DelormeRanch.ca

1948: the year Grandpa (Ole) Wardberg brought the first Black Angus females to this area. Four generations later and we still look across our fields at straight black angus cows. You'll have the opportunity to purchase from 40 home-grown Black replacement heifers.

Half of the commercial herd are bred Black Angus, the other half, Black Simmental from Darby and Sarah's registered Boundary herd. This will be our 38th annual offering of straight-bred Angus females with 2024 marking the 14th offering of the F1 crossbred Black Simmental/Angus Heifers.

Videos, Pictures, Pedigrees, Prices of horses *currently offered* at www.DelormeRanch.ca

For over 30 years we have been shaping up an APHA/AQHA breeding herd and raising all-a-round, versatile, performance horses for the ranch and for the arena. The ranch raised weanlings, yearlings and riding horses are valued by their new owners and excel in all areas of the equine industry.

We currently stand 3 stallions, on quality mares, which are producing the bone, size, versatility and disposition in what we offer you.
