Sale Day Phones

Auctioneer: Frank Jenkins (403) 627-6700

SALE STAFF:

Cowtown Livestock Office (306) 662-2648
Tyler Cronkhite (306) 661-8786
Allen Lively (103) 627-7776
Mark Forsyth (306) 784-7844
Darvin Mason (306) 662-8218
DLMS: Mark Shologan (780) 699-5082
Don Delorme (306) 299-7778
Darby Delorme (306) 662-7993

LOCATION:

S.A.L.E. Cowtown Livestock, 1.6 km East of Maple Creek, SK. Online Viewing and Bidding at DLMS.ca

TERMS:

Please register for a buyer number at the office prior to purchasing. All bulls sell under the Terms & Conditions of S.A.L.E. Cowtown. Terms of sale are cash or cheque payable to S.A.L.E. Cowtown Livestock.

No bulls will be released without satisfactory settlement. When making settlement for your purchases, please leave specific instructions for transferring of registration certificates.

Any errors discovered in this catalog will be corrected from the auction stand and will take precedence over printed material contained in this catalogue. Each animal becomes the responsibility of the purchaser as soon as sold.

BULL EVALUATION / HEALTH:

All bulls will have a complete, satisfactory, fertility exam and semen test done by Wagner Veterinary Services prior to sale. Bulls will not be sold on a 'deferred' result.

For prevention of footrot, the bulls received two vaccinations of Fusogard in March. Bulls were given Nasalgen after birth and have received two vaccinations of: Fermicon 7/Somnugen, Pyramid FP 5/Pre-sponse and pesticide poured.

In the event that your bull is a non-satisfactory breeder please notify us immediately. He will be replaced with a bull of equal value or a credit will be given towards the purchase of another Delorme bull. We will not provide replacement or credit for physical injury or mismanagement.

All bulls are "Parent Verified"

Please join us for lunch on sale day

ON OFFER:

54 Registered Black Angus Bulls

Current weights and scrotal measurements will be available prior to sale.

VIEWING THE BULLS: *Index available page 36*

The bulls are available for your appraisal at the ranch until Saturday, April 4th. We welcome your visit! They will be moved to the Cowtown yards where they can be seen from Sunday April 5th until sale time.

VIDEOS:

Will be available via our website and on dlms.ca

INSURANCE:

Insurance will be available sale day, on location from a Blythman Agency's representative. (306) 662-2604

\$100 OFF YOUR PURCHASE:

If you take your bull home the day of the sale upon satisfactory payment. Your bull(s) can be brought back to our ranch but they have to be insured. After May 1st -feed charge \$3.00/day. We will be in touch to arrange pickup or delivery prior to May 31st.

ONLINE BIDDING AND VIEWING:

DLMS Online Bidders:
Please sign up and confirm bidder approval prior to the sale.

Internet Bidding Available

Cypress Park Resort Inn: 306-662-4477
Maple Creek Motor Inn: 306-662-4431

View the Catalogue & Videos online at www.DelormeRanch.ca

With appreciation and a warm welcome, we are pleased to share our yearling bull pen with you. Grab a coffee and a pen and enjoy the view of the Boys, Dams, Sires, and Siblings.

Many thanks to the bidders and buyers, friends and family, who have supported our program over the past 60 plus years. A special thank you to Gordie Cameron for his auctioning services for the past twenty-one years ~ enjoy your retirement Gordie! We welcome Frank Jenkins to the block for our 22nd sale at this location.

A good cow herd is an evolving process that handles the complexities of the Canadian environment. For many, it means travelling to a water source, or like here, in our semi-arid corner, hunting for grass. The cattle have to be good-footed and easy-fleshing... and raise the same. We've stacked generations of broody cows to do just that and remain in production for many years.

This year's offering includes a good dozen heifer bulls with the remaining being production maximizers. The bulls averaged 3 lb/day on a homegrown ration topped with a mineral package while penned on 20 acres through the winter.

Feel free to come prior to the sale and tour the bulls. We understand that getting away is not always easy or even possible sometimes. For your convenience, our web-sites of www.DelormeRanch.ca and www.BoundaryRanch.ca will showcase the cattle. While we hope our pictures, videos and footnotes give an extra 'in person' feel, we do look forward to hearing from you or scheduling a visit to see the cattle 'in the flesh'.

Inquiries and visitors are always welcome!

- Page 36 is a tag # index (heifer bulls highlighted).
- Page 32-33 showcases the 1st and 2nd sires of our cows
- The Sale Order, Weights and SC will be available shortly before sale time on our web site and dlms.ca
- Bulls sell 'live in the ring'
- dlms.ca will provide online viewing and bidding
- Bulls are all parentage tested, semen-tested/scrotal measured and ready for your immediate use.
- Cows are pictured as they would be if you toured their fields. Calves are at side and not sorted off before picturing.

Thank You ~ Mark Forsyth, Ty Schwan, Jesse Waldner, Shayla Duncan, Chase Johnson, all four granddaughters; Nevaeh, Isabella, Mackayla and Aeverie. Also Sarah's Mom, Colleen for helping us get the bulls pictured. We also appreciate and thank Tiffany of 14 West Creations for making sure our catalogue is properly prepared for printing.

We look forward to seeing you on April 7th or having you join us on DLMS. Thank you in advance for your consideration of our sale offering. We wish you the best of luck in securing your selection on sale day. Please join us for a pre-sale lunch and post-sale hospitality where you can visit with like-minded producers.

Sincerely the Delorme Family

Darby, Sarah, Isabella & Mackayla Delorme

The Performance Information

As a further means to improve our herd we have submitted animal data to the Canadian Angus Performance, CAP program since it's initiation in the 70's.

• The test weights are for performance comparison WITHIN OUR HERD only. Consider and keep in mind that feed management differs with each breeder.

Long and smooth-clean made, attractive in his makeup, balanced in his structure and sound on the ground. He will sire strong females for the replacement pen. 240E is a deep, broody, attractive female with perfect foot and udder, like her Dam. She is a daughter of Bismarck 93Z and the GD 32X, on the bottom, with 13 calves to her credit, is a daughter of the legendary Density. Sons to Herrmann Livestock, Windy Ridge and JPM Farms.

Twin. 69lbs birth weight with a gestation of only 279 days. His dam is a daughter of BC Matrix who made the easiest fleshing, most fertile cows here, with massive body capacity. She is definitely not a spring chicken, but has produced many top progeny, that have sold through this sale, including a daughters to Arendt Enterprises, sons to Wilfey holdings Ltd, Dave Hanson, Justin Hassett, 9 Bar Ranch Co. Ltd, Mark and Nicole Neubauer and two tidy uddered daughters in our herd.

Younger bull that's coming on strong. The 37K offspring have been great, tons of consistency you will see in the group. The first calvers are spot on very feminine and tons of smooth shape that will make great cows in the future, very tight udder quality that will milk for years to come. Granddam, 24Y, high seller at the Forsyth Dispersal and Donor for us. Great disposition in this cow family so this bull's quiet nature comes naturally.

Recommended for heifers. A nice bull – extremely long, smooth, and well structured. Posted a 365 Index of 118. His EXT bred Dam, 231L fits the maternal phenotype of our herd with our flush cow, 18R, on the top side and our Tomboy son with a PREMIER GGD on the bottom. GD 72E offers 120N (pg 7). 365 Index of 118. Top EPDs: 7% CE, 6% BW, 15% MCE.

BOUNDARY HOMEGROWN 15N

DLD 15N 2426066 01/02/2025

Recommended for heifers. 65 lbs birth weight and low 277-day gestation. This balanced, easy-going guy was one half of a great show pair for Isabella. His gorgeous dam was Champion 2-year-old and Grand Champion Overall Female at Reno Achievement Day and then again at Regional Fair with 15N at side. Good performance at weaning for 15N as well indexing 111 and ranked 11th. Top EPDs: 10% CE, 6% BW, 7% MCE, 8% Milk

How To Read EPDs and Performance Data

EPD's are a measure of the expected differences in performance of a sire's/dam's progeny when compared to the average progeny of all sires/dams evaluated within the same breed. This prediction is based on actual performance, progeny performance and relatives' performance.

- EPDs can be used to compare bulls/cows from different herds.
- EPDs cannot be used to compare bulls/cows of different breeds.
- EPDs allow breeders to estimate a young animal's breeding value and that animal's value as a parent
- EPDs allow a fair comparison of breeding value by removing environmental bias such as climate, feed and special management
- EPDs are the best tool available to compare animals between herds, countries and year of birth
- EPDs help breeders make informed decisions regarding breeding stock selection by evaluating numerous traits, such as growth related traits (BW, WW, YW, Milk)

- **CALVING EASE DIRECT (CE) EPD:** The average difference in ease with which a sire's calves will be born when he is bred to first calf heifers.
- **BIRTH WEIGHT (BW):** The birth weights of a bull's/cow's progeny when compared to the breed average, in pounds. Negative values indicate lighter BW while positive numbers indicate heavier.
- **WEANING WEIGHT (WW):** The adjusted weaning weights of a bull's/cow's progeny when compared to the breed average, in pounds.
- **YEARLING WEIGHT (YW):** The adjusted yearling weights of a bull's/cow's progeny when compared to the breed average, in pounds.
- **MATERNAL CALVING EASE (MCE):** Is expressed as a difference in percentage of unassisted births with a higher value indicating greater calving ease in first-calf daughters. It predicts the average ease with which a sire's daughters will calve as first-calf heifers when compared to daughters of other sires.
- **MILK:** A measure of the amount of pre-weaning performance gained by calves which can be attributed to the milking ability of a bull's/cow's daughters. The EPD is expressed in pounds of calf.

The Elite/Premier Program

Canadian Angus Elite Cow: has a minimum of five calves, four of which must be registered, to determine her regularity of calving and ability to consistently produce calves with a superior weaning weight year after year, display early puberty, breeding and early calving, followed by regularity of calving and high performance offspring.

Canadian Elite Cow Criteria

1. The cow must be enrolled in the Canadian Angus Performance Program.
2. The cow must have a calf with a 205-day weight recorded within the past 18 months.
3. The cow must have her first calf within 1000 days of her date of birth
4. The cow must maintain a regular calving interval, calving within 395 days consecutively
5. The cow must have four consecutive natural born calves that are registered and have a weaning weight ratio that averages over 105
6. The cow's calf must be in a contemporary group with no less than 10 herd mates to determine the weaning weight ratio
7. Once a cow is designated an Elite Cow, she is always an Elite Cow, however she will not be published in a year where she does not meet the above criteria

Premier Dam Criteria

As in 1 to 4 above

5. The cow must have four consecutive natural born calves that are registered
6. The cow's four calves must have Weaning Weight EPDs that are above breed average and have an accuracy of over 25%
7. The cow must have at least two registered grand calves
8. Once a cow is designated a Premier Cow, she is always an Premier Cow, however she will not be published in a year where she does not meet the above criteria.

Commercial Open Replacement Heifers By Private Treaty At The Ranch

COMMERCIAL OPEN REPLACEMENT HEIFERS

Spring Offering of 40 Heifers ~ by Private Treaty

From the Delorme and Wardberg commercial herds is the 40th Annual offering of Black yearling heifers.

Straight Black Angus & Black Simmental/Angus

Pictures / videos on
our web site at
www.DelormeRanch.ca

1948: the year Grandpa (Ole) Wardberg brought the first Black Angus females to this area. Another generation has passed on with the loss of Mom & Dad in December of 2024. We are the third, fourth, and fifth generations actively raising and can proudly look across our fields at straight black angus cows. You'll have the opportunity to purchase from 40 home-grown Black replacement heifers.

Half of the commercial herd are bred Black Angus, the other half, Black Simmental from Darby and Sarah's registered Boundary herd. This will be our 40th annual offering of Angus females with 2026 marking the 16th offering of the F1 crossbred Black Simmental/Angus Heifers.

Videos, Pictures, Pedigrees, Prices of horses *currently offered* at www.DelormeRanch.ca

For over 35 years we have been shaping up an APHA/AQHA breeding herd and raising all-a-round, versatile, performance horses for the ranch and for the arena. The ranch raised weanlings, yearlings and riding horses are valued by their new owners and excel in all areas of the equine industry.

We currently stand 3 stallions, on quality mares, which are producing the bone, size, versatility and disposition in what we offer you.

BULL TAG INDEX / PEDIGREE SUMMARY

SALE ORDER, WEIGHTS AND SC WILL BE AVAILABLE AT SALE TIME

This index is numerically ordered by Tag # (it is **NOT** sale order)

Tag #s of bulls recommended for Heifers are in a pink box
